

Intelligent HARDWARE

Door hardware that fits your *lifestyle.*

Open to new *opportunities.*

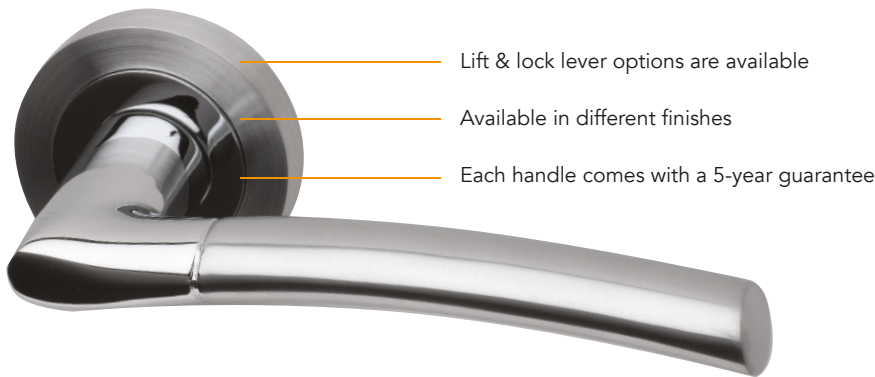

INTERNAL DOOR HANDLES

LEVER ON ROSE HANDLES

Intelligent Hardware has years of experience and expertise in internal door hardware. Our round rose lever handles are made from high-grade material and fit in with a modern look, with sleek handles in different finishes to meet any criteria. The bolt-through fixing gives a neater finish. The handles come with fixings and an Allen key.

We also offer a new range of lift and lock handles. Lift and lock handles have been designed for locks that require the door handle to be lifted before you can turn the key to lock the door.
