WE PUT
UNRIVALLED
ATTENTION
TO DETAIL
INTO
EVERYTHING
WE DO.

The best materials and craftsmanship.
Styles that suit your taste, and your budget.
Support and service you can rely on.
Design that does exactly what you want it to do.

That's exactly what you can expect at LPD Doors - the UK's leading door supplier since 1981.

Welcome to our complete collection, a proud example of those four decades' experience in the business. Amongst these pages you'll find inspiration, information and, of course, a diverse range of doors and accessories perfect for your home, your customer, or the project you're specifying.

Everything you should expect from a door supplier, with a little extra thrown in.

Don't we all deserve a little more?

The LPD Doors Team.

TRADE LAMINATE

Available in Pre-finished Light Grey, Pre-finished White and Pre-finished Black, these new laminate doors feature a Semi-Solid core* are designed with ease and convenience in mind.
NB- FD30 doors feature a Solid Engineered core.
See pages 114-118

WHITE MOULDED

Unlike alternatives on the market, our new collection of White Moulded doors feature white primed edges for a quick installation and professional finish.
See pages 106-113

FLUSH

Sleek, durable and built for modern spaces, our internal FD30 Flush doors are the ideal choice for commercial properties.
See pages 120-122

COTSWOLD

An extension to our Cottage range of internal doors, the Cotswold features six vertical panels. Available in Pre-finished and Unfinished Oak.
See page 41

Don't miss our new products for 2026. Look out for the logo throughout this brochure.

GIRONA

Available in Pre-finished Oak, Unfinished Oak and Primed White, this internal door design features a stunning contemporary style with two elegant curved grooves, this door makes a bold statement while maintaining a subtle, sophisticated look.
See pages 42 & 70

COTTAGE DOORS

Did you know we offer three beautifully crafted cottage door styles?
Mexicano, Cotswold and Belize.

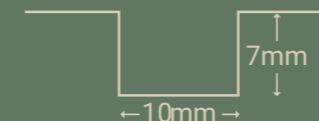

At first glance, they share a similar timeless look, but each design has its own subtle details that sit it apart. From panel groove dimensions to hidden lipping measurements, the differences are what make each door unique.

MANHATTAN SIDELIGHT

Discover endless options with our Universal Sidelight Frame. Allowing any two Soho, Tribeca, Liberty or Greenwich doors or demi panels to be placed alongside each other, creating a modern walkway between rooms.

The mullion supplied with the frame can be fixed anywhere along the frame to allow for any of the options to work together. Simply purchase two of any of the doors or demi panel options and one frame. Combine with our Manhattan hardware to complete the contemporary look! See example options on the next page for some inspiration!

Created using a Soho, Soho W6 Demi Panel and Manhattan Universal Sidelight Frame
See pages 24, 26 & 29

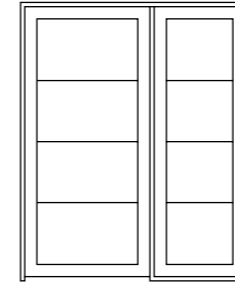

Created using a Greenwich, Greenwich W6 Sidelight and Manhattan Universal Sidelight Frame.

KEY INFORMATION

- Create your own look and feel using any two doors or demi panels from the Tribeca, Soho, Greenwich and Liberty options.
- Can be used for a single access door with a fixed side light, or simply remove the centre mullion to use the doors as a French pair.
- Manhattan Universal Sidelight Frame includes glass beads therefore if you would like you could add a full glass pane as the sidelight. Please note that LPD do not supply glass panes.
- If any touch up is required please contact LPD Doors to find out the RAL and Gloss Level you need.
- Maximum outer frame size of the Manhattan Universal Sidelight Frame is 2200mm(w) x 2070mm(h)
- Find more information for the Manhattan Universal Sidelight frame on page 29.

MANHATTAN BLONDE

Create a modern country inspired look with our new range of Manhattan Blonde Oak. Popular styles alongside new on-trend curve designs & different glazing options allows versatility for all homes.

MANHATTAN HARDWARE

Enhance your choice of Manhattan doors with our Manhattan ironmongery range, creating elegance with a loft style, urban vibe. The matt black ensures the creation of a sleek, understated finish. Our various latches are specifically designed with a 53mm latch casing to complement our 80mm stiles. If alternative hardware is chosen for our Manhattan range, please ensure you don't trim the door edge more than 5mm and the latch casing used is no bigger than 53mm. If in any doubt, take a look at our website to find out what products fit your door.

MANHATTAN THUMB TURN

Finish Matt Black
Size 30mm
Code HARDMANTT

IMPORTANT

Due to the unique design of the Manhattan door range, featuring narrow 80mm wide stiles and rails, we have sourced a specialist range of Manhattan hardware to be used in conjunction with the doors. Using alternative hardware could potentially cause significant damage and compromise the door's functionality. Installation guidelines provided with each door must be adhered to.

Oak

UNIQUE, DEPENDABLE & CLASSIC.

For a timeless finish, there's little to beat the warmth of oak.

BLONDE OAK

The refined, yet relaxed approach of the modern country trend inspired the creation of our Blonde Oak collection. A modern take on a classic finish, our Blonde Oak doors have a neutral appearance for a contemporary alternative to traditional oak, whilst still maintaining the character and charm of the natural grain.

 Suitable for FD30/60 doors

DOOR FRAMES

LPD offers a wide range of internal door frames to suit your needs. Easy to put together, these frames, once finished with the top treatment of your choice, will last for years.

We also offer a choice of fire door linings in redwood and oak type finish, along with a range of intumescent strips depending on your requirements. As well as linings, you can choose from a selection of architraves and skirtings in either oak, white or light grey to complement your door and can be used with LPD Doors.

*All FD30 and FD60 capable doors to be fitted in accordance with the relevant fire certificate.

flusso. POCKET DOORS

Our range offers two types of internal pocket door systems, the pre-assembled set and self-assembly kit system. They allow doors to disappear effortlessly into your wall, letting you make the most of the space in your room. Pairing this unique system with an LPD Door has endless possibilities to add a feature to your home.

Oak Melbourne shown in a Flusso Single Pocket Door Set with a Matt Black Scorpio Handle
See pages 38 & 148

Pocket doors are designed to allow you to make use of the often unusable space taken up by conventional opening doors. By removing the footprint created by traditional hinged doors, users can typically save 2.6m² per door.

Fast becoming a neat, contemporary solution where space is at a premium, pocket door systems are ideal for living areas, en-suites or office spaces. In fact they can be used anywhere where you do not want a door encroaching into the room.

PRE-ASSEMBLED SET

Convenient, stylish, and ultra-modern, the Flusso pre-assembled pocket door sets can be fully installed within 15 minutes. Designed to work in partition walls, the pre-assembled pocket door set is great for large scale construction projects.

AVAILABLE FOR SINGLE OR DOUBLE DOORS

Time Saving Pre-assembled Pocket

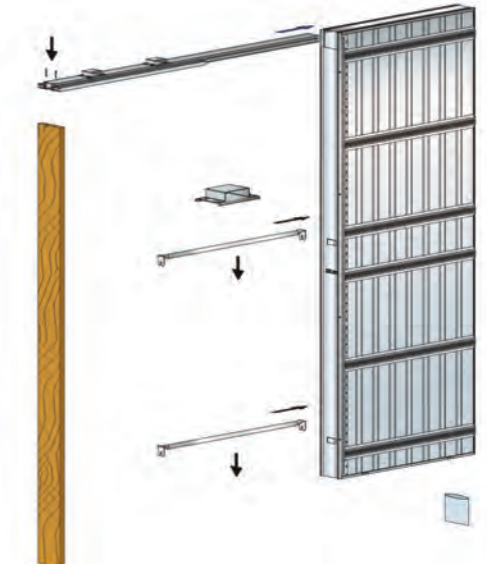

- Space Saving
- Simple Installation
- Suits doors 35 or 40mm thick dependant on set purchased
- Max door weight 120kg per leaf
- Endpost, crosspieces, cassette edge covers, door brushes and seals supplied as standard
- 125mm finished wall

 **Jamb Kit Included**
Available in Unfinished Oak

EASY 5 STEP INSTALLATION PROCESS

1. Insert aluminium track
2. Attach jamb and space bars
3. Fix to studwork
4. Apply plasterboard and plaster
5. Insert door

SELF-ASSEMBLY KIT

Great for smaller projects, this pocket door kit is easy to assemble and typically takes around 30 minutes to install. This contemporary pocket door kit can be combined with the majority of our door range and is the perfect space saving solution!

- Space Saving
- Lower profile easy to install in plasterboard profile 75mm
- Locking springs to allow perfect track installation
- Suits doors 35 or 40mm thick dependant on set purchased
- Max door weight 120kg per leaf
- 125mm finished wall
- Pre-drilled reinforcements
- The open structure makes it easier to fix the structure to the walls and floor
- The double kit pocket door solution is created from two singles kits joined together using the junction tongue and 2 spacer bars supplied with each single kit. A double door timber pack is supplied which has a longer crosspiece.

BESPOKE INTERNAL DOORS

Finding the perfect door is made easy at LPD. We pride ourselves on offering a wide range of on trend finishes and styles in many standard sizes.

However, we understand every home is unique. In addition to our standard sizes we offer bespoke, Made-2-Measure door blades in sizes to suit most requirements, whether you want taller or wider, or both! We can offer bespoke sizes up to an impressive 2800mm x 1200mm (dependent on door design), providing doors that fit your needs, as well as making stunning statement pieces in their own right.

 Look for this sign to see which doors are available in bespoke sizes.

By mixing the best of bespoke, both size and finish, you can enhance and personalise any living area. For any queries, please contact us or your local stockist and we will do our utmost to accommodate your needs. Please be advised that Fire Doors have limitations when manufactured in bespoke sizes. Please contact us for assistance with your bespoke Fire Door sizing.

EASY ORDERING

Just because you need something a little out of the ordinary doesn't mean it needs to be hard work.

Simply follow these four steps and wait for your bespoke door to arrive!

Step 1

Contact your local stockist to request an enquiry form. Alternatively email your enquiry to bespoke@lpddoors.co.uk.

Step 2

Once we receive your enquiry form, you will be sent an official quotation and lead time.

Step 3

You will receive a technical drawing and once approved, your door will be put into production.

Step 4

Your Made-2-Measure doors are delivered by our own, in-house delivery team.

NB - Orders containing bespoke doors have an average lead time of 18-20 weeks from the date the technical drawings are signed and sent back to LPD. This lead time can extend at certain times throughout the year due to factory closures and religious holidays. Should you be in doubt please don't hesitate to contact our team.

INTERNAL DOOR FINISHING

Introducing our Hardwax Oil, designed to protect the natural beauty of our internal veneered wood doors. Formulated to enhance the natural grain, the oil is easy to apply, to ensure a hard wearing, durable finish.

Containing sustainable raw materials such as bees wax, carnauba wax, candila wax, linseed oil, sunflower oil and jojoba oil - it contains no biocides or preservatives.

Recommended coverage:

- 0.5L = Allow for the application of 2 coats to both sides of 2 doors
- 1L = Allow for the application of 2 coats to both sides of 4 doors
- 2.5L = Allow for the application of 2 coats to both sides of 10 doors

Aluvu

CONTEMPORARY, RELIABLE & CONSISTENT.

Designed to blur the lines between indoor and outdoor living.

Our external Aluvu doors are both stylish and functional, for a seamless transition between spaces.

Featuring high-grade aluminium frames, our Aluvu door range combines strength and durability, with lightweight properties for maximum security and functionality. The sleek profiles allow for wide glazed panels to be fitted with minimum sight lines, helping to create a panoramic view.

Our Aluvu collection features Bi-folding doors, Heritage Bi-folding doors, French doors and single doors, with standard and **bespoke** options to suit every home. The choices are endless.

Scan this QR code to find out more information, view the standard stock sizes and the bespoke options available or, visit lpddoors.co.uk

To cater to the majority of requirements, our Aluvu doors are available in five modular configurations as standard. Within each configuration, two options are available, so the doors can fold to the left or the right depending on the space you have available. Once open, the panels are secured by magnets to keep them in position.

We also offer unlimited bespoke configurations to suit your requirements, including a sliding door operation for homes where space is a premium.

BI-FOLD DOORS FRENCH DOORS

For smaller openings, our **French Door sets** offer a simple, yet classic way to create a brighter space in your home. Featuring sleek frames and large glazed panels synonymous with our Aluvu range, our French doors offer unobstructed views, blurring the boundaries between your indoor and outdoor spaces. The French door sets are available as a left or right hand configuration. The daily access door can be positioned to the left or the right.

82" x 34"	DFC34
78" x 36"	DFC7836
84" x 36"	DFC36
78" x 42"	DFC42
78" x 46"	DFC46
78" x 48"	DFC48
78" x 54"	DFC54
78" x 60"	DFC60

Thickness - 68mm

NB - Designed for door sizes listed above.

* Supplied with rubber weather seal

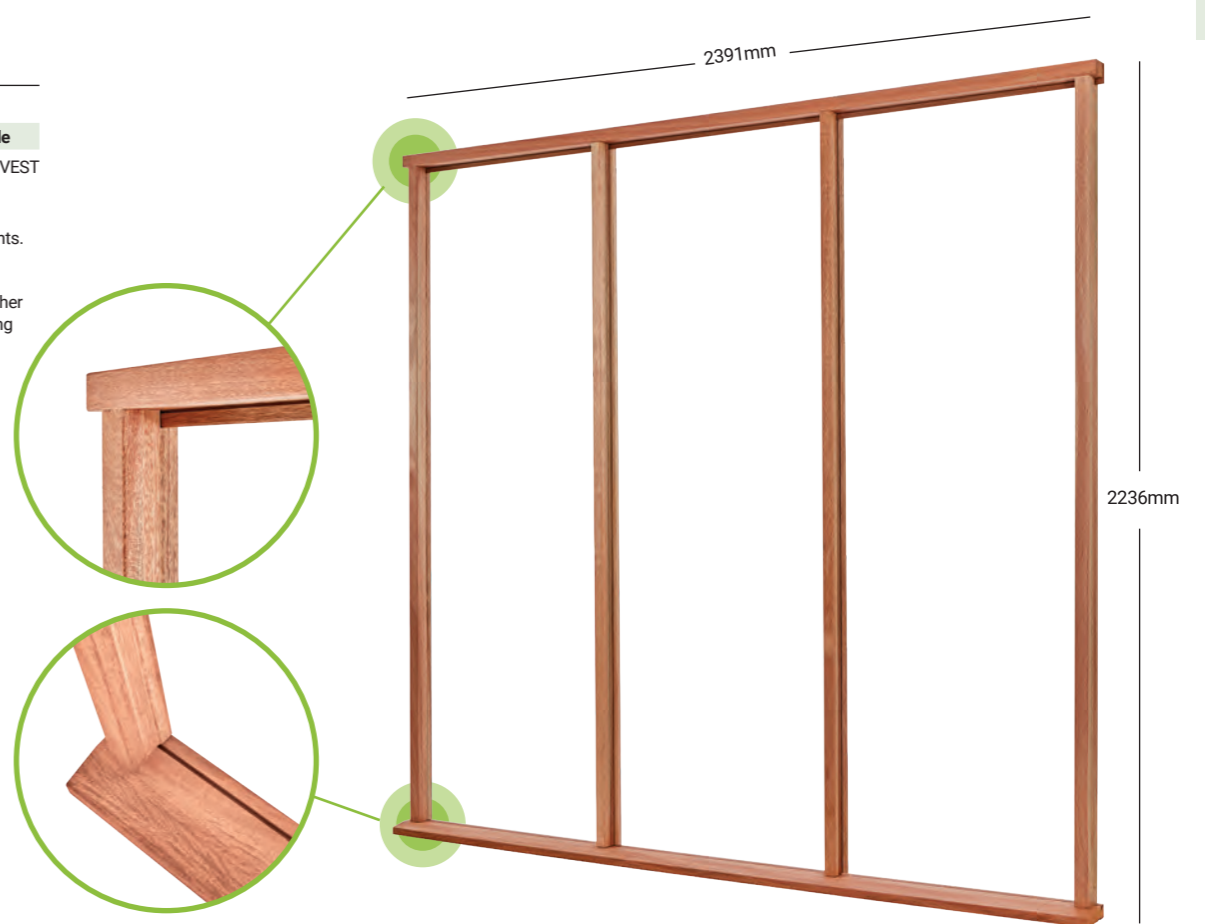

HARDWOOD VESTIBULE

Material Hardwood

Size	Code
Universal	UNIVEST

Designed to take up to a 2135 x 915mm door and two 2135 x 610mm side lights. Thickness - 68mm

* Supplied with rubber weather seal for the door and beading to glaze sidelights.

OUR GREEN FUTURE.

Beautiful, long-lasting products like our doors rely on responsible use of natural resources- after all, timber has been used for millennia for its utility, aesthetics, and longevity.

At LPD Group we see our responsibility to participate in sustainable development not only as a duty to society but as an opportunity to do well by doing good.

By embracing sustainable development- and going beyond minimum information disclosure requirements and regulatory compliance- we aim to deliver value to our employees, customers, suppliers, partners, shareholders and to society as a whole.

That's why we're presenting our intentions for our Green Future- the standards we commit to as a business that mean you can enjoy and LPD Doors product for decades.

The principles of FSC® focus on protecting healthy, resilient forests so they can enable humanity to thrive. We share this vision for their future.

Look out for the FSC® logo in our brochures and online as we work towards this milestone.

OUR AIM IS...

...to meet or exceed all environmental legislation that relates to our activities as a company.

...to use environmentally safe materials wherever and whenever we can.

...to strive to reduce waste streams to air, water and land.

...to recycle and reuse materials wherever commercially viable.

...to monitor and reduce overall energy consumption.

...to regularly review and refine our environmental commitments.

...to act transparently and communicate our policies in the public domain.

These environmental aims are one aspect of our wider commitment to meeting our ESG vision.

FINISHING GUIDELINES

EXTERNAL JOINERY

All doors should be checked prior to installation. The installation of these doors shall constitute acceptance. Products taken out of their packaging must be fully decorated straight away. We would always advise to speak to your chosen paint manufacturer to ensure the suitability to our external doors. Handle with clean gloves and do not drag doors across one another or across other surfaces

Before priming or sealing, sand away any handling marks or variations and dust thoroughly. Ensure that wire wool or other sanding materials containing steel or iron are not used on any of our products. Where necessary it is important that doors and frames are fully sealed on the two faces and all edges. Areas that are cut out for handles, locks, hinges, and letter plates etc. must also be fully sealed. These must be in accordance with British standards. Failure to seal products accordingly will invalidate any claims.

Use a proprietary branded stain or paint and treat in accordance with the manufacturer's instructions. We recommend a Hi-Build, microporous product that is not quick drying to prevent waterlogging. We would always advise to speak to your chosen paint manufacturer to ensure the suitability to our external doors. Note: Redwood, boarded doors including garage and Paint Grade doors are only suitable for Hi-Build paint finish. Lightly sand between coats to provide the best finish. Ensure adequate drying time is allowed between coats.

The sun can shorten darker colours' lifespan which makes them vulnerable to the elements. We advise covering the external door with a hood, canopy or porch to help create a decorative finish and elongate your door's lifespan. Regular maintenance, however, is required to stop the deterioration of the wood, the construction and finish.

When decorating the door, take care not to paint or stain weather strips, ironmongery, projecting hinges or moving parts as this could cause damage to the performance of the product. LPD external joinery is NOT suitable for varnishes, waxes, polishes, dyes, oils including Danish Oil, yacht varnish or lacquers, as the finishes do not protect our products. Please speak to the manufacturer of the product prior to use to ensure it is suitable for the style and construction of your door.

MAINTENANCE GUIDELINES

LPD recommend the following points to maintain and extend the life of your exterior joinery products:

- All joinery products should be washed twice a year minimum with a mild solution of soapy water and rinsed with clean water. This should be completed at least four times if in a marine or industrial environment.
- All mechanical hinges etc. should be oiled with grease or neutral oils.

- Weather seals should be checked and cleaned often.
- When cleaned, scrape, lightly sand and touch up any areas of wear and tear with a matching microporous paint or stain. Bare wood should be primed first.
- Timber is a natural product so performs slightly differently throughout the year, seasonal adjustment may be required to assure ongoing performance.

INTERNAL JOINERY

Products taken out of their packaging, must be fully decorated straight away. We recommend a Hi-Build, microporous product that is not quick drying to prevent waterlogging. Pre-finished doors however, come already finished and ready to hang.

Handle with clean gloves and do not drag doors across one another or across other surfaces. Before finishing your door, sand away any handling marks or variations and dust thoroughly before priming or sealing. If the door edges are trimmed, they will need finishing with a polyurethane varnish.

Our Oak timber doors can be decorated with a paint, stain, varnish or lacquer of your choice. White primed timber doors can be decorated with a good quality timber paint suited to your property. Please note, the door will need to be lightly sanded prior to the finishing.

LPD Internal Joinery is not suitable for all waxes, polishes, dyes or oils. Please speak to the manufacturer of the product prior to use to ensure it is suitable for the style and construction of your veneered door.

LPD recommend our Hard Wax Oil for unfinished oak internal doors. It is designed to enhance and protect the natural beauty of your door and is user friendly, easy to apply and can be used in all interior situations. Please see page 154 for more information.

Doors should not be subject to: abnormal heat, extreme dryness, humid conditions or sudden changes therein. They should be conditioned to average prevailing relative humidity of the locality before hanging.

RETURNS POLICY

Please note, wood is a natural product and therefore variants in the colour and grain is common. We suggest doors are purchased in plot orders to avoid batch variation. It is vital that you check the product before it is hung so issues can be resolved quickly and efficiently. Once a door is hung, this is deemed as acceptance and will not be liable for a return.

THE LPD GUARANTEE

10 YEAR GUARANTEE

When it comes to producing quality doors to stand the test of time, we use only the finest quality materials and manufacturing processes. We are proud to stand by our doors, and we have no hesitation in offering a conditional 10 Year guarantee against faulty materials or workmanship.

Should one of our doors be found to be defective upon delivery, or develop a fault due to faulty materials or workmanship within 10 Years of delivery, at our discretion we will offer the original purchaser the option of repair, replacement or refund.

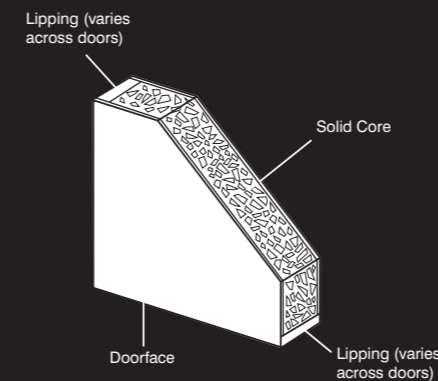

Due to the manufacturing process, colours and specification of the products may vary from those shown. Please note: guarantee is 5 years for glass and hardware.

CORE TYPES

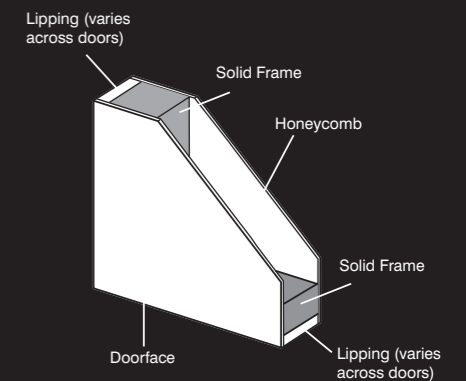

SOLID ENGINEERED CORE

SEMI-SOLID CORE

HOLLOW CORE

DOOR CONSTRUCTION

Most of our internal and external doors are manufactured using engineered component parts. This enables us to provide a product that offers a solid feel, combined with all the advantages that engineering brings in terms of strength, consistency and stability. All our engineered doors are faced with veneers and matching lipping's.

Choosing the right door size can be daunting. To assist with the process, we've compiled a comprehensive internal door size guide to help you find the perfect fit for your home.

To view our Internal Door Size Guide scan this QR Code or visit lpddoors.co.uk where you will find detailed technical information and guides for choosing the right LPD product.
